

INKLINGS SYMPOSIUM 2023

Book Fair Leipzig

Parallel to our conference, the Leipzig Book Fair will take place in Leipzig, approx. 130km away, from 27 to 30 April 2023. It is the most important spring meeting of the book and media industry and brings together readers, authors, publishers and media, not only from Germany but from all over the world. They all come to Leipzig to experience the diversity of literature, discover novelties and get new perspectives. Fantasy enjoys a special place in the publishers' exhibition programme, so a visit to the Fair offers an interesting supporting programme for conference participants.
